Welcome to the August 2018 ANA Auction

The World Currency Department of Stack's Bowers Galleries is proud to present the catalog for our 2018 Official Auction of the ANA World's Fair of Money, to be held in Philadelphia. A few of the scarcest notes in the World Paper Money field are offered within this catalog. Some are the finest known and in a few cases, are the only notes known for their types.

A number of these scarce pieces hail from Argentina. We have the privilege of offering the first part of Robert J. Bauman's extensive collection of paper money from Argentina. Among the important pieces from this cabinet is the only known 1823 1 Peso from the Bank of Buenos Ayres, found in lot 30003. Additionally, we are offering Custom Notes from 1866, including an unlisted 10 Pesos Fuertes in lot 30005. Another notable scarce note is found in lot 30013, a 1 Real from the Administracion de Hacienda y Credito.

Included in the auction is a very strong offering of Russian notes, including our cover note (lot 30229), an outstanding Fully Original 1882 100 Rubles Rainbow note from Imperial Russia, graded by PCGS Currency as Very Fine 25 PPQ. Of equal rarity and beauty is lot 30225, an extremely rare 1876 25 Rubles State Credit Note. Other Russian highlights include lot 30224, an 1819 5 Rubles, and lot 30228, an 1882 10 Rubles.

Also of note is a stunning and incredibly rare 1965 100 Dollar Queen Elizabeth II issued note from the Bahamas in lot 30050. Additionally, there is a Belize 20 Dollar Queen Elizabeth II note from 1974, one of the more elusive and sought after notes featuring this ruler (lot 30054). A private collection of pieces from Czechoslovakia, and Slovakia is also offered in this sale, highlighted by lot 30106, the finest PMG graded 500 Korun of Czechoslovakia from 1923.

It is with great anticipation that we look forward to this exciting World paper money event. We expect this to be a collector-driven auction that will appeal to enthusiasts from overseas as well as within the United States. We thank you for your interest in our auction and encourage you to reach out to us if you have any questions regarding the lots offered here.

With Appreciation,

Aris Maragoudakis

Robert J. Bauman

In 1980, Robert Bauman joined the international consulting firm of Chem Systems, and in that same year, he made his first trip to Argentina where he started his collection of world paper money. While he was able to purchase banknotes from many countries from local dealers, the majority of banknotes purchased were from Argentina. Due to his consulting activities, he visited Argentina three or four times per year, enabling him to buy banknotes from Argentina as they became available. Many dealers would set banknotes aside for him.

As Mr. Bauman's collection grew, dealers from other countries became aware of his interest in the banknotes of Argentina and would notify him of notes recently acquired or hold them for him at conventions. Auctions proved to be another avenue for expanding his collection, and he was able to obtain many rare and often unique notes. He owned many notes that were unlisted in any publication.

In 2006, with the support of many collectors and dealers in Argentina, he decided to write a catalog on the early paper money of Argentina. Rather than just publish pictures and prices of the notes, he delved into

the history of the country and, to the extent possible, the history of the banks as well. Through dealers and collectors, he was able to visit many museums and banks to obtain copies of rare notes in those institutional collections. Private collectors also provided copies of rare notes in their cabinets. In 2016, the catalog, "The Paper Money of Argentina, A Window to History, 1816-1899," was published. In 2017, Mr. Bauman decided to sell his collection and the current auction of 40 lots is the first offering.

LOTS 30001-30270

The Robert J. Bauman Collection of Argentinian Paper Money

We begin this catalog for our World Paper Money Auction at the ANA World's Fair of Money with a very prestigious collection of scarce and previously virtually unseen Argentinian paper money from the collection of Robert J. Bauman, the writer of "The Paper Money of Argentina." Many of the notes in this collection are Rarity-7, reflecting that no more than three were known at the time this distinction was awarded. The rarity of many of these pieces has been verified by access to collections in banks, museums, and in private collectors' hands.

Many of these pieces are Pick plate notes as they were either discovery pieces or were nearly impossible to find at the time. In these instances, Mr. Bauman provided the Pick Catalog with images. Some of the notes in the collection are still not listed in the Pick catalog, and may be used in future editions.

Included among the extremely rare pieces is lot 30003, the Banco de Buenos Ayres 1823 1 Peso, currently the only note known. The Nusdeo-Conno catalog lists this note (No. 34) as Desconocido (example unknown in Argentina), explaining why it is not illustrated in the Pick catalog. The other three notes in this series are in museums.

Other "only known examples" include custom interest-bearing notes from the Banco de la Provincia de Buenos Ayres in 1865. These notes were used successfully in the Confederacion Argentina from 1855 to 1861. These are the first notes with the title Republica Argentina to be issued by the unified country. This auction will feature a 10 Pesos Fuertes (lot 30005), and a 20 Pesos Fuertes Remainder (lot 30006).

We are very excited to present the first offering from this collection. We are certain that seasoned collectors of Argentinian Banknotes will find many treasures among the notes in this section, as well as items that will fill the gaps in their collections. The majority of the catalog descriptions are taken directly from "The Paper Money of Argentina."

Fondo Publico 1816-1820 First Series

These are considered to be precursors to paper money. While they did not freely circulate, they were sometimes exchanged between people. The denominations, interest rates and length of time to redemption were hand-written. These notes have the earliest coat of arms for Buenos Ayres which was not used on any subsequent issue of paper money. When they were redeemed, a large triangular piece was cut from the bottom of the note and the signatures were blackened so it could not be used again. They are also illustrated and discussed in the Nusdeo-Conno catalog.

30003

Banco de Buenos Ayres. 1 Peso, 1823. P-S309, BA-13. The Nusdeo-Conno catalog lists this note (No. 34) as Desconocido (example unknown in Argentina) which is why there is no illustration of it in the Pick catalog. The other three notes in this series are in museums. Engraved by Jose Rousseau, it was easily counterfeited so was a very unpopular issue with limited circulation. This series was the only one with the sun seal of Buenos Ayres. The note is signed by Alvarez-Molina, serial number 213, and is in superb condition for this rarity.

PMG Very Fine 25.....\$5,000-\$6,000

ARGENTINA

30004

Provincia de Buenos Ayres. 1 Peso Metalico, 1823. P-S121r, BA-8r. Remainder. Due to a shortage of coins, the Treasury Department decided, without authorization, to issue banknotes of 1, 3 and 5 Pesos. When the Banco of Buenos Ayres objected, the notes were withdrawn. Only examples of the 1 and 3 Pesos are known. All of the issued notes seen are in museums or bank collections. This is one of two 1 Peso remainders known to be in private hands and, as such, is extremely rare.

PMG About Uncirculated Net. Mounted on Paper, Tear\$1,500-\$2,000

Custom Notes 1866 Only Examples Known

With the run on the Banco de la Provincia de Buenos Ayres in 1865, the government decided to issue interest-bearing custom notes that were used successfully in the Confederacion Argentina from 1855 to 1861. It was decided to issue the notes with Republica Argentina rather than the bank name similar to the last issue of the Confederacion to make them more acceptable to the public. However, the public refused to accept them believing that they had no real backing and that the interest would not be paid. The notes were withdrawn and destroyed. Only two examples of these notes are known - an issued note and a remainder. It is not known if other denominations were issued. These are the first notes with the title Republica Argentina to be issued by the unified country.

Banco Nacional. 10 Decimos, 1826. P-S342, BN-9a. Due to the war with Brazil, a coin shortage occurred so the government decided to issue 10 and 20 Decimos notes with two designs in different colors. The rationale for the different colors is not known. These notes were very unpopular with most people refusing to accept them so the notes were withdrawn and destroyed within a few months of being issued. All are very scarce to rare. Banco Nacional Provincial Issued Fractionals

From 1879 to 1881, due to a coin shortage, the Banco Nacional issued three sets of provisional fractional banknotes in odd denominations with different exchange rates based on Bolivian coins. Bolivian coins had strict levels of silver in them and were the standard for many countries. As there was a need to issue them quickly they were printed locally by Kraft, Buenos Aires. These issues were also unusual in that they had the stamp of the branch office that issued them with the exception of the ones issued for Buenos Aires, which had no stamp. There were 18 issuing branches. All issued notes are very scarce to rare as they were redeemed for coins as soon as the coins became available. Since they were used extensively, the condition for most of the surviving notes is poor. The exchange rates and denominations were as follows:

- First series 1879: 9 Argentina pesos = 1 Bolivian Peso (9 centavos = 1 real)
 - Denominations: 4½, 9, 18, 36 Centavos Fuertes
- Second series 1880: 14 Argentina Centavos = 1 Bolivian Chirola
 - Denominations: 14, 28, 56 Centavos Fuertes; 5.6 Pesos Fuertes
- Third series 1881: 16 Argentina Centavos = 1 Bolivian Chirola
 - Denominations: 16, 32, 64 Centavos Fuertes

The chirola was a small silver Bolivian coin that circulated primarily in the north. The following notes are from the scarcest branches.

Administracion de Hacienda y Credito Publico

In 1855, the government asked Perkins Baker (London) to prepare a set of banknotes using vignettes selected from their archives. They were printed in pairs horizontally without any color on card stock. The pairs of proof notes were sent for approval but based on the failure of the two previous banknote issues, the government decided not to order them. There is no record of the number of these pairs of notes that were sent to the government or why they sent multiple pairs with less pairs for higher denominations.

No information was available on this bank which was located in La Plata, which is about 60 kilometers from Buenos Aires. La Plata is the capital of the Province of Buenos Aires. Since it is not dated, it is listed as a remainder. This is one of two notes seen by the author. The other, which is in a private collection, is very similar to this one in that it has a low serial number, is signed but is not dated. Like this one, it appears to have circulated. As these notes were redeemable with interest, it is believed that all of them were redeemed. It is very likely that this note did actually circulate but possibly was not redeemed since it did not have the date. PMG mentions Small Pieces Missing, Internal Tears on the reverse.

This rare note is unusual because the central vignette is of a Canadian hunter in a canoe; clearly not germane to Argentina. While the stag in the upper right corner was from the archive, it is at least germane to Argentina. Red stags, similar to the one pictured, are located in Patagonia with organized hunting expeditions conducted locally. Very few of these were issued. Only two issued examples have been seen and they are in museums. No other proof or specimen note was seen by the author. Face Proof CU63 with Small Tear noted on the reverse of the holder. Banco Rio Cuarto. 10 Pesos. P-UNL, COR-131. The central vignette of this exceptionally rare note is entitled “crossing the Andes”. However, according to one expert, the hat worn by the lead rider was a typical Bolivian and Peruvian Indian hat so the vignette, like the one in the five pesos note, is not really germane to Argentina. In researching this, it was found that this vignette was used on the 5 Soles (Pick S132) and the 5 Reales de Inca provisional (Pick 12) Peru notes confirming that it is not germane to Argentina.

Banco Munoz y Rodriguez. 7 Pesos Fuertes, 1883. P-S1760p, TUC-37p. Proof. The company ordered this odd denomination note based on the exchange rate at the time of 7 pesos argentinos equal to one silver peso boliviano. To gain public acceptance, it could also be exchanged for national currency under the applicable law (ley). This coincided with the currency reform of 1883 when the Banco Nacional issued pesos backed by gold (moneda nacional de oro). However, by the time the proof note was sent to the company, the ability to redeem the Banco Nacional pesos for gold was eliminated and the exchange rate had changed. A color trial in blue was also prepared. It is in a bank collection. This is the only 7 Pesos note ever prepared in Argentina. Only the front of the note was prepared. It was printed locally by G. Kraft. Pinholes mentioned on the holder.

Banco Argentino Provisional Issues

The bank ordered banknotes from the American Banknote Company for its main office in Rosario. The bank proceeded to open branches in other cities and decided that each branch should issue their own banknotes - most likely based on their reserves. To differentiate them, each branch had a different color but before the banknotes for these branches arrived, Rosario notes were used with a stamp for each branch. When the new banknotes arrived, the provisional notes were exchanged for the new ones. As such, provisional issues are very scarce to rare especially the higher denominations, and most are in well-circulated condition.

It is believed that of the series that produced around 9,000 total pieces, only 200 survived.

The bright orange colored paper shows gorgeous detail and is absent of any cancellations. The sheep on the reverse show the number 7 for the camp, in addition to the names of the internees inscribed in the wool. RARE War of 1812 Exchange Note

CANADA

30069

Exchange, Quebec. 142 Pounds, 1815. P-UNL. Third bill of exchange for £142 payable to R & H Cosse at thirty days sight drawn on the accounts of Her Majesty's Treasury in Whitehall, London authorized by William Robinson, Commissary General.

The Commissariat Department, which was subordinate to the Treasury, was responsible for supplying and provisioning troops and arranging payment for those supplies. It was divided into two branches: an accounts department, which sourced, procured and paid for supplies, and a stores department, which oversaw the storage, safeguarding and distribution of those supplies. During the War of 1812, the Commissary-General in Canada was William Henry Robinson. It was Robinson who was responsible for finding and distributing supplies to the troops being mobilized along the Canadian-American border from Vermont to Detroit. The Commissariat serviced three military districts, Quebec City, Montreal and Upper Canada, each run by a Deputy Commissary-General. Depots were set up at several spots throughout the colony in close proximity to military garrisons. They were run by clerks who were responsible for accounting as well as shipping and receiving goods, and by storekeepers who physically managed the goods.

Typically, tenders for provisions consisted of public notices placed in local newspapers, and anyone interested in selling their surplus could sell directly to the Commissariat. Tenders were awarded in February or March for delivery in August. The inadequacy of Canadian resources led to a steady demand for American provisions. In peace time, the Commissariat could purchase supplies from American farmers, but during the war that access was officially closed. There are many accounts, however, of active trading between Americans and Canadians during the war. In the Maritime provinces, which were experiencing none of the effects of the war, commerce

with the New England states continued uninterrupted. Ports in Halifax, Saint John and St. Andrews were open to trade with the United States, and Nova Scotia and New Brunswick aided the other provinces with money, supplies and men. New Englanders, who did not support the war, openly contravened trade embargoes and continued supplying the British military with goods, livestock and other provisions. In October 1813, the Vermont Legislature repealed a law imposing penalties on those trading with Canada. Farther west, as soon as the St. Lawrence froze over, U.S. farmers drove their sleighs across the ice to take advantage of the high prices offered by the Commissariat. Whatever could not be acquired from American suppliers came from England: produce, meat, equipment, camp gear, uniforms, weapons and ammunition. Yet even supplies from England were insufficient.

The normal means of financing military expenditures was through the sale of bills of exchange drawn on the British Treasury. However this was not successful because commercial paper was heavily discounted owing to the lack of specie in Canada. The alternative was to issue legal tender notes that could be used as payment for any government debt. On 1 August 1812, a bill "to facilitate the circulation of Army Bills in Lower Canada" was passed, the Army Bill Office was opened in Quebec City, and £250,000 (\$1 million) worth of notes in denominations of \$4, \$25, \$50, \$100 and \$400 were issued as a means for paying for supplies. While Army Bills were used to pay local suppliers, bills of exchange, such as this one, were used to pay suppliers in London.

Description from an excerpt by David Bergeron (2012), "Funding the War of 1812"

Ultra Rare 1860 Commercial Bank 1 Dollar

CANADA

30070

Commercial Bank of Canada. 1 Dollar, 1860. CH# 155121202. Plate Position D. Serial Number 23564. Hand Signed by J. Davidson. This extremely scarce piece is the first we have seen or handled for the type. According to the Charlton Book, this note is only known in an Institutional Collection. The PMG pop report does show this note being the finest, with only one other piece graded and we therefore believe that it is one of only 2 known in private hands.

The note itself shows with even wear and just some minor edge fraying which is to be expected at this grade level, and on issued

pieces of this age. The design pictures A bank Crest at upper left, and a seated Indian with a rifle at lower left. A train and hay field is pictured at center below the bank name, with an Indian Maiden in the oval vignette at the bottom right in between the upper and lower obligations. The reverse of the note is blank. This piece has deep blank inks, with green undertones, and a green border with Kingston printed in the border design at the left and right margins.

1924A Queen Mary 5 Dollar

30086

Dominion of Canada. 5 Dollars, 1924. DC-27. This issue, featuring a formal portrait of Queen Mary, offers an interesting history. Although the plates were prepared in 1924, and the note is dated May 26th in honor of the Queen's birthday, there was so little need for Dominion \$5 bills that printing for this issue did not commence until 1931. When finally printed, they were

stored until 1934, when they finally entered circulation, just in time to be replaced by the 1935 Bank of Canada issue, which marked the withdrawal of the Dominion notes. This mid-level VF retains its gorgeous blue color throughout the note, with only some toning, mostly on the margins, to report.

The letter from Mr. Vostal is not only hand-typed, signed, but also watermarked and showcases a close knit relationship of dealer to collector that should resonate with most of us in the hobby.

The highlights in the group are Pick 11a, a 1919 100 Korun in a 35 holder, and Pick 13a, a 1919 1000 Korun in a PMG CVF 35 holder. Pick 10 is found in a EF40 holder, and Pick 9a is seen in a CU64 holder. All pieces are graded by PMG, and free of any netting comments on the holder. Scarce 1918 French 5000

FRANCE

30124

Banque de France. 5000 Francs, 1938. P-76. One of the most coveted French banknotes are these large format 5,000 Franc notes and when offered always gather strong attention from bidders. This piece retains excellent detail throughout the allegorically inspired styling with just small repairs (which we believe are closed pinholes); edge tear found at left mentioned on the reverse side of the holder. The edge tear is very small and nowhere near the design. It is very difficult to find this note in better condition.

FRENCH ANTILLES

30125

Institut D'Emission Des Departments D'Outre-Mer. 5 Nouveaux Francs on 500 Francs, ND (1961). P-4. This Five Nouveaux Francs overprinted type is one of the most difficult notes to obtain on the French Antilles and the PMG population report supports that claim. They have graded just three pieces for the catalog number, with this Extremely Fine note and a single About Uncirculated and Choice Uncirculated example. Still bold color remains throughout and the paper is importantly problem free for the assigned grade.

FRENCH GUIANA

Banque de la Guyane. 1000 Francs, ND (1942). P-15s. Specimen. Specimen overprints, serial numbers and punch cancels. An important offering on this rare design type that is virtually noncollectable in issued form. We have handled a small group of attractive specimen notes and this offering is the finest of that trove. It is also the single finest PMG has graded. A large format and appealing seated female vignettes with intricate lathe borders.

FRENCH WEST AFRICA

Banque de L'Afrique Occidentale. 5000 Francs, 1950. P-43. This is one of the most sought after French West African notes. These high denomination pieces are seldom offered, and when they are, they are often tucked away in private collections for a very long time. A rare opportunity here for this note featuring two African women, and one European woman at center.

With Uncirculated and Gem material bringing significant premiums, this lightly circulated note will prove an attractive alternative.

Tesoreria Nacional de Guatemala. 1 to 25 Pesos, ND (1882-88). P-A4s to A7s. Specimens. 4 pieces in lot. Specimens. Printed by ABNC. A scarce grouping of these early 2nd series Tesoreria Nacional pieces. The A4s 1 Peso is found with a seated allegorical woman at left, in a 53PPQ holder. The A6s 10 Pesos piece is seen in Choice About New 55 with merely a mention of Pinholes in the Upper Left corner. A bank stamp seen at right.

The highlight and highest denomination of the series, the A7s 25 Pesos piece shows with an allegorical woman seated at right. Annotations on the top margin and found in a Choice About New 58 from PCGS Currency. All the notes from this issuer are scarce and the current SCWPM lists no price for issued examples on this 25 Pesos denomination. Completely original with just some minor circulation preventing what would be an uncirculated designation. The folds must be very faint, as we cannot determine their location through the holder.

It is printed on green paper with a black design and red serial numbers. The counterfoil still attached, this piece is essentially original, save

for the hole cancellations and the pinholes mentioned on the holder, and the counterfoil damage away from the design itself that is also mentioned. This piece has been in private hands and will likely disappear into private hands again for quite some time. A rare opportunity.

The extreme level of difficulty faced in acquiring one of these pieces cannot be overstated as this is presently one of only three pieces graded by PMG for the catalog number, and we know the other is in private hands. Legazpi seen at center of the note with an obligation of 500 to

this left, and the blue seal to the right. Harrison-Fitzsimmons signatures found in the signature panels. This piece is one of the rarest pieces in the catalog for Philippines, and a rival to the Pick 33c we are also offering.

Legazpi pictured at center. Blue seal at right, with a blue 500 obligation at left. The reverse shows the coveted light green back. Plate Position C. PMG mentions stains which can be attributed to light pink ink on the very bottom, and some staining in the margins. Neither of which are distracting from the overall design. Some pinholes at upper left we mention for accuracy. Overall an extremely attractive example, and likely the only one that will come available for quite some time.

Qatar Currency History - Shown Through Archival Proofs

QATAR

30220

Archival Collection of Qatar Proofs for the Monetary Agency, Monetary Authority, and Monetary Council. Certified by PCGS Currency. 7 pieces in lot. For the cataloging of this rare Archival Collection created for his highness Sheikh Khalifa Bin Hamad Al-Thani, we are using the description as it's written in the PCGS booklet that is included with this spectacular group.

"Half a century after establishing the monetary history of the State of Qatar and the independent State of Qatar, and the separation of Qatar and Dubai Monetary Council, his highness Sheikh Khalifa Bin Hamad Al-Thani has ordered that the Qatari currency be given a new name. Several names were nominated to his highness. The names are as follows : Qatar Monetary Council, Qatar Monetary Authority, and Qatar Monetary Agency.

Here we have found this original archival collection, the only existing evidence. This collection consists of seven papers with PCGS and an Authenticity Certificate of the proofs name and category (of State of Qatar currency).

As his highness Sheikh Khalifa Bin Hamad Al-Thani ordered, the first private set of the nominated names and categories were printed. Those included the main picture of the State of Qatar currency in 1973, where one of those proofs has been documented in English that it was especially for his highness Sheikh Khalifa Bin Hamad Al-Thani, the prince of the State of Qatar, and dated in 1973-2-22. Above this documentation, there is a beautiful and marvelous sketch of the palace of Sheikh Abdullah Bin Qasem Al-Thani, with amazing attention to detail. "

In total, there are 7 total archival pieces in this lot that make up the aforementioned set. We have all the images of the group online, including the provided booklet for your convenience.

Extremely Rare 1876 25 Rubles

RUSSIA—IMPERIAL

30225

State Credit Note. 25 Rubles, 1876-86. P-A45A. Ultra Rare. This is the first example in specimen, or issued that we have handled for this type. Of the dates known, this 1876 is the earliest available date. Our extensive research found only one other example of this note. As a result, we believe this may be the finest of only two known examples. At left is the monogram of Czar Alexander II with the crowned double headed eagle above. The purple panel at left is cyrillic and roughly translates to “Obtain from the Highest Manifesto of 1 June 1843, pertaining to the issue of state credit notes.”

The note has a predominantly grey text, with black serial numbers and a black plated signature. The text translates to “State credit note. Upon presentation, it is issued from the cash register of the State Bank TWENTY FIVE RUBLES in silver or gold coin.”

The obligation is in a purple color. A watermark of Czar Alexey Mikhailovich is seen when held to the light along with the letters GKB, wavy lines, and the obligation. This is a classic display of the advanced, and intricate watermark work of Imperial Russia. The edges are rounded and deckled. PCGS Currency mentions Small Edge Tears at Right, and Minor Stains on the holder.

Outstanding Fully Original 1882 100 Rubles Rainbow

RUSSIA—IMPERIAL

30229

State Credit Note. 100 Rubles, 1882. P-A53. A highly popular design which shows here printed on watermarked paper found in the nicest condition we have seen or handled for the type. Typically these pieces are found in the lower Fine range with tears, holes, splits, and stains. The reverse, the rainbow colored side which features Catherine the II at center, is almost always compromised.

This is the highest denomination for the series, and as such, this piece has been heavily counterfeited. The giveaways on the fake pieces are often the eyes on The Empress, or an absence of the watermarked paper. Based on our research of auction archives,

this is the only fully original example we can find of this piece. The plated date on the reverse, 1882, is the earliest date for this Pick number available. This pristine example is also free of any of the bank or teller stamps frequently found on pieces from this series.

Recently, a VG/Fine example that was heavily folded, and came with an 1884 date, sold at the Kansas City paper money show for \$19,200. We anticipate our estimate to be fairly conservative considering, and therefore expect series bidding from serious collectors, and dealers alike.

Terms & Conditions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone

Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars, Hong Kong Dollars or Chinese Renminbi. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars or Chinese Renminbi, Buyer's invoices will be credited with the amount of U.S. Dollars received from Auctioneer's bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past

Terms & Conditions (cont.)

due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California and New York without a valid Resale Certificate which has been provided to the Auctioneer prior to the auction. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of: (i) One Thousand Dollars (\$1,000), for auctions held in Maryland, are exempt from Maryland sales tax, and (ii) One Thousand Five Hundred Dollars (\$1,500) are exempt from California sales tax. These exemptions do not apply purchases of currency. Purchases of coins and currency are exempt from sales tax in Illinois. Purchases of Investment Coins are exempt from sales tax in Pennsylvania, but non-coin collectibles including but not limited to currency, medals and tokens, purchased at auctions held in Pennsylvania are subject to Pennsylvania and local sales tax. Please note, this is not, and is not intended to be, a complete description of applicable sales tax laws in all jurisdictions. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the

possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the United States, the declaration value shall be the item(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AUTHENTICITY, AND PROVENANCE OF A LOT.

a. COINS AND CURRENCY LISTED IN THIS CATALOG GRADED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE OR EXAMINED BY THE BUYER PRIOR TO THE AUCTION SALE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER, EXCEPT FOR CLAIMS RELATED TO AUTHENTICITY.

b. For non-certified coins and currency that have not been examined by the Buyer prior to the Auction Sale: if it is determined in a review by Stack's Bowers that there

Terms & Conditions (cont.)

is a material error in the catalog description of a non-certified coin or currency or the coin or currency is not authentic, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.

c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

d. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

e. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

f. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

g. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

h. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

i. Bidders shall have no recourse against the Consignor for any reason whatsoever.

j. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

k. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory interpleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.
